The Vegetable Alphabet Book

Synopsis

A wonderful blend of facts and humor makes learning about vegetable gardening fun and easy. Learn about fiddleheads, munchkin pumpkins, snow peas, walla wallas, and more! Beautiful color illustrations lead children through a brief introduction to soil preparation and seed planting, as well as through a discovery of both common and exotic vegetables.

Paperback: 32 pages

Publisher: Charlesbridge (July 1, 1992)

Language: English

ISBN-10: 9780881064681

ISBN-13: 978-0881064681

ASIN: 0881064688

Product Dimensions: 8 x 0.1 x 10 inches

Shipping Weight: 4.8 ounces (View shipping rates and policies)

Average Customer Review: 3.9 out of 5 stars 6 customer reviews

Best Sellers Rank: #223,168 in Books (See Top 100 in Books) #42 in [Books > Children's Books > Education & Reference > Science Studies > Nature > Gardening](#) #89 in [Books > Children's Books > Education & Reference > Science Studies > Nature > Flowers & Plants](#) #3331 in [Books > Children's Books > Science, Nature & How It Works](#)

Age Range: 4 - 8 years

Grade Level: 1 - 3

Customer Reviews

Jerry Pallotta is an award-winning author of children's alphabet books and imaginative fiction. His books combine interesting facts, detailed research, humor, and realistic illustrations that mesmerize children everywhere. Jerry lives in Boston, Massachusetts.

My 2 -3 year olds love these alphabet books. Even adults can learn from this book.

I love that it has a variety of vegetables and not just the first ones you might think of. It's a fun book for reinforcing the alphabet and especially relevant in my agricultural community.

Not what I was expecting, the letter correlations do not really pertain to most things a child would associate with now in 2016. Also the cover was totally different than the one pictured here. If the book is for nostalgic reasons then it's a good buy, otherwise I would recommend something no different.

Kids loved it

While the "Victory Garden" aspect of this title might be a bit misleading, it does the book a great disservice to judge it based only on that issue -- Jerry Pallotta has, as usual, presented a lot of information in a clear, engaging format that my kids (ages 4 and 6) and I found very interesting.

While a perfectly fine introduction to vegetables, there is precious little information about the Victory Gardens in/of World War II. The illustrations of children dressed in mid 90s or later garb also negates the World War II-era/Victory Garden concept.
