Traitors & Tyrants: Book Four In The Crown Of Blood Series

Synopsis

A missing prince. A city aflame. Can they survive when fate and will collide? Find out why readers love this dystopian adventure series from New York Times Bestselling author Gwynn White! Axel and Lynx are on a rescue mission. Meka and Nicholas are trapped in Chenaya's capital, and Axel needs a miracle to set them free. If his would-be allies stick to their promises and Lukan remains in a manic state, then they might just live to fight another day. But unbeknownst to them, Felix and Dmitri continue playing an epic battle of fate and manipulation. With the threat of Lukan awakening from his stupor at any moment, the hunt is on to find Nicholas and return him to safety. With every power in the empire headed for the capital, there's no telling who, if any of them, will still be standing at the end. Traitors and Tyrants is the fourth book in a riveting six-part series of dystopian science fiction novels. If you like heady intrigue, nail-biting suspense, and thrilling adventures, then you'll love Gwynn White's Crown of Blood series. Buy Traitors and Tyrants to continue the epic tale today!

Customer Reviews

Book 3 of the series and things are getting really complicated. Axel and Lynx have been separated by war and exile. They finally get together but it's a bitter sweet reunion. Now the Light Bearer whom Lynx has been able to protect for the last 16 years has been kidnapped and is in danger. Instead of being able to drop everything and go find him, Axel and Lynx have to get back to the war and leave Nicholas (the light bearer) to the cruel imagination of Felix. Lots of ups and downs. Starting book 4 right away.

Even though this is not my normal genre, I'm very impressed with the writing, storytelling, action, and imagination of this author. I really recommend this series for anyone interested in great storytelling.

The story continues with Lynx, Axel , Talon and many if the other characters we love and hate. This is an awesome tale.

Another great story! Keep them coming.

Loved it.

I have thoroughly enjoyed these stories through four books now. However, after long last, it is time to end the original book and move on to another adventure with these characters if the author cannot part with them. It us beginning to get old waiting for a hero to do his thing.

For you and yours, for the working or fixed income not cool, just saying. I , for one am tired of having to buy five books to get the whole story. How about ONE BIG BOOK. Charge more, thats fair, but saves the readership from trying to find, remember and buy numerous unstalements.

The previous book in the series left us on a cliff hanger and IÃfÂçÃ â -Ã â,,çve been looking forward to learning how it was resolved. I should have remembered that resolution comes in many shapes and guises. As in life, expect the unexpected! This instalment of the story involves a weaving together of a number of different threads (all of them important and not always obviously

connected). Book four, is the middle of a vast story about power, love, destiny, choices and consequences and sacrifice. This portion of the tale, for me, conjured up an image of Fate as an old man doggedly knitting together a complex fishing net with which to ensnare an outcome that may or may not be what we expect. I love Gwynn White's writing; not only does she create a complex action packed plot, she doesn't forget to develop her characters. Some characters I like more than others (I just love the horrid Felix - not that I'd want to be in his clutches), but I care about all of the characters. I can't wait to read book five to find out what happens next!
