The Secret Servant (Gabriel Allon Series Book 7)

Synopsis

A terrorist plot in London leads Israeli spy Gabriel Allon on a desperate search for a kidnapped woman in this thriller from #1 New York Times bestselling author Daniel Silva. While in Amsterdam, Israeli intelligence officer and master art restorer Gabriel Allon discovers a plot that is about to explode in the middle of London. The daughter of the American ambassador is to be brutally kidnapped. But Gabriel arrives too late to save her. And when he reveals his face to the plot's masterminds, his fate is sealed as well. Drawn once more into the service of American intelligence, Gabriel desperately searches for the missing woman as the clock ticks steadily toward the hour of her execution. The search will thrust him into an unlikely alliance with a man who has lost everything because of his devotion to Islam. It will cause him to question the morality of the tactics of his trade. And it might very well cost him his life. | A Publishers Weekly Best Book of the Year. From the Paperback edition.

Customer Reviews

Gabriel Allon, the unlikely and reluctant spy & assassin stumbles across a plot by Egyptian terrorist

group, The Sword of Allah, to kidnap the daughter of the American ambassador to the Court of St. James. Failing to stop the abduction, Gabriel is drawn into the efforts to rescue Elizabeth. Joining hands with MI5, MI6, the CIA and the FBI, Gabriel races against time to find and rescue Elizabeth. Nail biting, edge of the seat, thriller - what we have come to expect from Daniel Silva.

All of the Gabriel Allon books give you a good mystery and and a fair amount of art history in each book. On the positive side Daniel Silva, is a good writer with great sources; on the negative side whole passages and paragraphs are lifted from one book to the next. Every description of either Gabriel Allon, is the same word for word in every book as is the basic write up of his team and evry mention of King Saul Boulevard. If I had tried doing that in either high school or college evey teacher would have circled the phrases and sent it back for either more description or to be reworked completely.

I recency decided to go back and re-read all of the Gabriel Allon series but this time in chronological order. Secret Servant is the best so far and I bet I would enjoy even more the 3rd time. No down time in this book. Exciting from beginning to end.

I enjoy reading the Gabriel Allon book series. Also to date i have now read Every book up to book sixteen (16). In my opinion this reviewed book is definitely one of his very best. Totally non stop action from page onwards. Fasten your seat belts as you will not be able to put this book down. Highly Recommended!!!

I love the character Gabriel Allon. This book points out so many of the horrible things done by terrorists and some of the beliefs that push them to do the things that they do. It was a beautifully written story and fast paced. I often wonder how Mr. Silva can put so much into such a small space yet I love the way he writes. Even though this is another wonderful work of fiction the content hits so close to home and the worldwide incidents that are occurring it makes it so very real and plausible.

Detailed and telegraphic style - rapid and artistic creation and description of characters. International tourism as his characters travel the world. Thoughtful presentation of the challenges faced by security services in various countries. You'll want to read the entire series of these novels. Excellent for airplane books, overnights, waiting in lines, train travel, or just sitting outside contemplating how thankful you should be not to be involved in Silva's plausible mayhem.

This is a good example of the popular Gabriel Allon books by Daniel Silva. It's very prescient and could have been written today regarding international jihadist terrorism. Why did I mark it down? Because the paperback is so shoddily produced. The pages come out from the binding.

Secret Servant must have been written by someone other than Daniel Silva. It just did not have the same detailed pursuit of intelligence about the "bad guys". It became boring very early on. It impressed me as if the author got tired and compressed everything after the first 100 pages. I have read ten of Silva's books and very much enjoyed all except this one. I am glad Secret Servant was not my first Silva book - it would have been my last.
