Choosing Glee: 10 Rules To Finding Inspiration, Happiness, And The Real You

Synopsis

Glee star Jenna Ushkowitz, a.k.a. "Tina," inspires fans to invoke positive thinking into everything they do in this inspirational scrapbook. Time to Gleek out! Fans of the breakout musical series will flock to Ushkowitz's heartfelt and practical guide on how to be your true self, gain self-esteem, and find your inner confidence. In *Choosing Glee*, Jenna shares her life in thrall to performance, navigating the pendulum swing of rejection and success, and the lessons she learned along the way. Included are her vivid anecdotes of everything before and after Glee: her being adopted from South Korea; her early appearances in commercials and on Sesame Street; her first Broadway role in *The King and I*; landing the part of Tina on Glee; her long-time friendships with Lea Michele (a.k.a. Rachel Berry) and Kevin McHale (a.k.a. Artie); and touring the world singing the show's hits to stadium crowds. Peppered throughout are photos, keepsakes, lists, and charts that illustrate Jenna's life and the choices she has made that have shaped her positive outlook. *Choosing Glee* will speak to the show's demographic who are often coping with the very stresses and anxieties the teenage characters on Glee face. Think *The Happiness Project* for a younger generation: With its uplifting message and intimate format, teens can learn how, exactly, to choose glee.

Customer Reviews

Ã¢ "I've known Jenna since we were eight years old. She's always known who she is and always has a smile on her face and has made all her dreams come true. I couldn't imagine a better person to write a book like this.Ã¢ "Lea MicheleÃ¢ "Jenna's joy radiates through

everything she does. This book embodies what Glee is about; being true yourself and following your dreams. — Ryan Murphy, Glee co-creator

JENNA USHKOWITZ plays Tina on the huge FOX hit, Glee. She started her acting career at the age of three and made her first appearance on Broadway's The King and I at the age of nine. Jenna returned to Broadway for Spring Awakening and has been on Glee since the show's inception. SHERYL BERK is a New York Times best-selling author who has collaborated with numerous celebrities on their books including Britney Spears, JWOWW and Wendy Williams. She is also a proud Gleek!

I am all about "Glee". So pre-ordering Jenna Ushkowitz's new book "Choosing Glee" was only natural. I have to say this book is just beautiful. The pictures of Jenna and/or the Glee gang is worth the purchase price alone. Jenna's offers up some fun background stories about her life and some Glee adventures. The book is about how Jenna stays positive and focuses on reaching her goals and being true to herself. Its presented in a fun, entertaining, and positive way. I do think the book could appeal to the younger audience as well as to the adult market. Most of her principles explained in the book can apply to both age groups. The only negative is that I think that the advice given could have been more detailed and maybe provided some further explanation. The chapter self evaluations were cute and practical and I really loved some of the quotes provided. The portion about Chris Colfer was especially poignant and beautiful. Darren Criss offered up a memorable quote and I loved Jenna's uplifting songlists. She also quotes a song that I find very meaningful to my life personally "Chasing Pavements" by Adele. Overall this book itself is quite a joy and I am committed to following anything else Jenna may release.

I am a huge fan of Jenna Ushkowitz, and have been since Glee premiered. Watching her in and reading interviews and seeing her in behind the scenes footage, and following her on twitter, I have always found her to be an extremely inspirational person. Without going into too much detail, she is the first Celebrity I have ever connected with and felt like I actually got something out of being a fan of hers. Her constant positivity is infectious and she has always reminded me that you don't have to focus on the bad things in life, you can choose to see the positive side of it, something that I forgot a long time ago. Due to all of that, I was so excited for this book, and considered it my bible before I even read it. After it finally came out though, and I did read it, I was blown away, it was so much more than I was even expecting, and I was expecting A LOT out of it. The way she practices what

she preaches and uses, sometimes extremely personal, stories from her own life as examples is inspiring and so brave of her to do. It's given me even more respect for her than I already had. I always felt like I had a pretty good idea about her life, how she grew up and landed her part on Glee from interviews she's done over the years, and thought maybe those bits would be a bit repetitive to me, but she covers the spectrum of her life in so much more detail through all those stories than I was expecting and it was so eye opening. Her style of writing feels like she's talking TO you and not AT you, which makes it so much easier to take everything in and the way she breaks it down into little steps instead of feeling like you'd be changing your whole life made me walk away from this book with the feeling that I could actually do anything. As a bonus, there are SO many pictures, I would say 95% of which Glee fans have never seen, and little words of wisdom from her friends and castmates that give this book such a sweet and personal touch. There were a few moments in it that really hit a note with me, and made me cry, but I definitely consider that a good thing, and the rest of the time I was smiling, it's such a feel good book, and really opened up my mind more than it already was. I don't think you need to be a hard core, or even a Glee fan, period, to appreciate the advice she has to give.

ÃƒÂ¢Ã ¬Ã Ã“[ÃƒÂ¢Ã ¬Ã Ã®] each of these goals takes an enormous amount of dedication and drive. Life gets in the way. Things happen to distract or deter you. ThatÃƒÂ¢Ã ¬Ã â„¢s when you have to ask yourself, ÃƒÂ¢Ã ¬Ã ËœHow bad do I want it?ÃƒÂ¢Ã ¬Ã â„¢ Anticipate the obstacles. Deal with the setbacks. If one path doesnÃƒÂ¢Ã ¬Ã â„¢t get you there, then try another. Just donÃƒÂ¢Ã ¬Ã â„¢t ever lose sight of what you really want.ÃƒÂ¢Ã ¬Ã Ã•* * * I absolutely adored this book. When I read it, I felt as though Jenna was right next to me in the room actually talking to me and only me. I wanted to highlight a quote or cut out an inspirational note from each and every page of this book and stick them on my wall. Everything she had to say was so inspirational. But it was more than that: it was honest and real. She openly shared her experiences that led her to change her attitude or adjust something in her life. She didnÃƒÂ¢Ã ¬Ã â„¢t write a book where she chose to falsely preach, and then leave you wondering whether or not she actually followed her own advice. It is clear that her inspiration comes from inside her and is something she has constantly worked on throughout her life. Her belief in herself makes me believe in her, and even more importantly, makes me believe in MYSELF. It is clear when reading this book that she wants to provide strength and support to the reader ÃƒÂ¢Ã ¬Ã âœ that she believes in us, too! I fully plan on keeping this book with me at all times, long after I finish reading it ÃƒÂ¢Ã ¬Ã âœ just to keep me strong and use as inspiration whenever I may need some. I would highly

recommend this to anyone out there who needs a nudge to help find his/her inner strength, who enjoys watching Glee, who is a fan of Jenna Ushkowitz, or for anyone who just wants to read something positive and inspiring. * * * “There have been many times in my life when I have been very confused. Have patience. Look for things that make you happy and smile every day. There is a passion and fire in each one of us, and you will figure it out. If you search hard enough, your calling will eventually find you. Until then, keep your eyes and your mind open and be prepared to take a few leaps and fall on your butt.”

She was so good

Jenna Ushkowitz is a kind and beautiful soul. I am a huge fan of hers from Glee and all her charity work. I was definitely not disappointed with her book. It actually made me love her more. Lots of anecdotes and fun life lesson included in the stories told.

This is a really good book. I learn many things about Jenna that I didn't know like her Broadway past and ad. Thanks to that book I can be more confident with myself. Thank you Jenna for this book ! I hope you will write an other book.

This girl's got style. Lots of good advice and a mini auto bio to boot. Add to that quotes and bits about the rest of the cast and you have a winner/ Definitely worth reading
