

Go!Games Super Colossal Book Of Word Search: 365 Great Puzzles

Synopsis

Love word searches? Then try this super-duper colossal collection of 365 searches – a full year's worth of mind-melting puzzles that will (as a bonus) improve your vocabulary, too. Every page has TWO word searches on it, each with a cool theme, like "File Extensions" and "Fountains" or "Jelly Beans" and "Letter Order." See how many "Movie Stars" (Damon, Diesel, Streep) catch your eye or fun "Onomatopoeia" words you can circle – boom, buzz, clang, click, gurgle, hiccup, honk. Experts who want something really challenging will find what they want here, too. "Conifer" includes such tree names as bristlecone, loblolly, and tamarack, while "Quantum Mechanics" offers bosons, fermions, and isobar. And for something a little unusual, there's even a "Minnesota Zip Code" puzzle, where you look for groups of numbers. But the truly brain-busting ones come at the end of the book, when the puzzles veer from the standard to the really challenging, and some even have no word list at all. They're hard, they're tough . . . and they're wildly entertaining!

I bought this for my 85 year old Grandma for christmas. This and yarn. Boring, right? Wrong. My grandma is generally not that excitable, but I swear to you she went on for 10+ minutes talking about how amazing this word find is. She loves the themes and called it highly addictive, causing her to neglect housework and even stay up until midnight once circling away. It definitely was a little more expensive than some of the others out there, but according to my grandma, it's well worth your money!!

This is a really nice word search book. The puzzles are not the most difficult to find words in but they do offer a challenge. The paper is pretty nice as well. Some word search books use paper that clogs pens. This one does not. I prefer pens to pencils.

This book is true to its word - it's COLOSSAL. You can tell right away that this is a high quality word search book. Just feeling it in your hands - the cover is very firm and nicely made. The same goes for the inside pages - not the recycled "fuzzy" paper you find in a lot of store-bought puzzle books, nor the tissue paper thin type either. Not heavy, but firm pages with clean ink - very clear letters; great for those who have trouble with tiny or fuzzy letters in the cheaper books. Really, at less than \$10, this book is a steal. I bought one for myself and a second copy for my mom, who lives on the other side of the country. We each talk to each other on the phone and race each other to complete the same puzzle in the fastest amount of time. It's kind of our bonding time, so to speak, haha. It's fun, really. Overall, this book is - HUGE - Excellent quality - A great deal for the price you're looking for a word search book to keep you entertained for awhile, you really can't go wrong with this.

Got it for a gift, and she uses it all the time. It's a nice size with great large dark print. Good Buy!

I bought this for my mother. She loves to do a lot of this word search games. She used to buy a lot of books of them. Most of them are small with few puzzles in it. With this my mother is going to be entertained for months. We are really happy about this purchase.

This book is very thick and well built. The puzzles inside range from easy to harder. You have weeks and weeks of puzzles with this book. Endless fun!

My grandma is a word search guru so I snatched some puzzles for her that were long lasting. She

tends to finish the drugstore ones very quickly so I looked and made sure to get her ones that were a bit more difficult and had more puzzles! She's very pleased!

Good puzzle search. Will keep you busy.
