Customer Reviews

I can't wait to color in it because it looks so cool! The illustrations actually look the actors from the movie.

Daughters loved it!!

This coloring book is highly disappointing. You get a lot of black background photos, giving most of the pages less than half of colorable space. You also get a LOT of repeating images (how many images of the girls in their dresses do we need?!) A lot of patterned backgrounds or words you can barely make out. Not impressed with this at all. Also, none of their parents are in the book. No Maleficent, no Jafar, no Beast, etc. For the money, I would pass on this. Also, Mal's signature spray paint tag, not even in here. Would have made an awesome picture to color...

Gorgeous coloring book!! Perfect for fans of Descendants! Great for tweens because the images are really detailed.
