## Customer Reviews

'Reliable and very informative for a five week wander around a less well travelled country. As internet cafes shrink and wifi fails to reach many parts, a book like this gives you the confidence to explore.' 5 stars -- Consumer review \*

Expert author Richard Arghiris has travelled extensively throughout Nicaragua researching this new edition. Comprehensive coverage of all the main attractions, plus dozens of activities and adventures that will help you get off the beaten track. Extensive, reliable listings and advice to help you choose the right hotel, restaurant, or trekking guide. In-depth background section to help you understand the country's history, culture, people and politics.

Generally an ok guide book, but not great. Maps & directions are worthless. I wish we would've gone with the lonely planet book.

Very little information on how to get around from the Managua airport. No approximate distances from outlying cities from Managua.
