Owned (Decadence After Dark Book 1) (A Decadence After Dark Novel)

Synopsis

"I like you collared, baby. I like you naked, I like you mine." Ellie Stevens has lusted over Kayne Roberts since he first walked into the import/export company she works for a little over a year ago. As Expo's most important client, Ellie has always kept a safe distance from the man with the majestic blue eyes - until temptation finally gets the better of her. Impulsively, Ellie invites Kayne to one of Expo's infamous company parties her flamboyant boss is notorious for throwing. Unbeknownst to Ellie, the god in the Armani suit isn't just the suave entrepreneur he portrays himself to be. Underneath the professional exterior is a man with a secret life, dark desires, and nefarious contacts. In a hidden corner of a trendy New York City lounge, the spark kindling between the two of them ignites. Unable to resist the sinful attraction, Ellie agrees to leave with Kayne, believing she is finally bedding the man of her dreams. Little does she know when she walks out the door, she's about to be Owned. ***Content Warning*** Owned is a dark erotic romance. Please pay close attention to the use of the words dark, erotic, and romance. It has intense sexual situations, a Master/slave relationship, mild abuse, and some violence. Owned is the beginning story of a lady that finds herself very attracted to a dark and dangerous man. In order to keep her out of the hands of a man who wants only to break her he takes her for himself. This is a dark read but I promise by the time you finish it you will love Mayne. It is a cliffhanger, but one you will anxiously await for M.s next book! No spoilers for me, only praise for a well written story on a subject that shocks you! I love Ms style and can't wait for more.

This is a very dark twist erotic book that keep me reading from book one to book two. I could not put it down to even sleep. This book is DEEP. You know how it is when you see someone and you fall is lust with them...fantasize about them. well Ellie did that about one of the clients at her job. Never really thinking anything would come of it. One night she got a chance to meet him for drinks and it changed her life and not for the better....or maybe it was. You be the judge of that. Kayne strong, hot a hell and sex on two legs. He is a billionaire or is he? Is he good or is he evil? You be the judge of it. It is so hard to write up a review on this book because there is so much i could say but i dont want to give anything away other than to say if you don't like DARK Erotica don't read this book...it will not be for you. BUT if you lean that way THIS IS FOR YOU!

This is my first time reading from this author. Like it says this is a Dark and Decadence story. Kayne is a successful Business man and Ellie works at a company handling some of his company's business. When they met a little over a year ago, they both had a connection, and Now Ellie is ready to see where it goes. Her boss is having a business party, for a night that was going to be Ellie finally showing Kayne she was ready to act on they chemistry turns her world upside down to a world of Dark sexual desire of Master / Slave ownership, but Kayne does this to save her life but he can not tell her that just yet. What you think you know isn't always what you see but what you don't see right away is a lot of truth and justice. When Ellie finds out the truth can she forgive Kayne are will he lose her for good. Very good book I could not put it down. I recommend this book to all.

This has got to be one of the better books I've read lately. I love Ellie and Kayne! I was hooked from page 1! I loved that Ellie stayed defiant throughout the entire book and cannot wait to see where this relationship is headed. MNever has written a jewel of an erotic novel. Its dark. Its sexy. Its 5 stars from beginning to end. This is a book I will read and read again.

This was stuck somewhere in my TBR mountain. As luck would have it, I decided to finally read it, just as the next book had been released, so I am thankful in that aspect. This was an AMAZING book, well written, an interesting plot, very HOT sex, with complex characters, including one very special Dom. And best of all, the book ended in a twist and cliffhanger that I really didn't consider, or expect. Can not wait to jump into the sequel!!!

"Owned" is an Intensely Dark and Thrilling Romance that was like Crack - I was Hooked and Addicted from start to finish. Warning, this book has a cliffhanger ending and I am not kidding when I say it is Intense and Dark - it is a serious BDSM book. The Hero and Heroine are intriguing and complex. The Heroine, Ellie, is likable, strong, vulnerable, and resilient. The Hero, Kayne, is definitely Alpha, but has a weakness where the heroine is concerned, he's protective, fierce and secretive. There is another "main character", Jett, he is almost the comic relief. He is the confidante for both the Hero and the Heroine. He is also keeping the secret that the Hero is keeping and he is deceptively wily, forceful, and dangerous. He is also the only "friend" with which the Heroine has to confide in, cry on, and share her fears. Which makes him a cross between a "girlfriend" and a "paternal" figure. The villain is present from Chapter Two and he is visibly evil and sickening from the first. M. Never definitely has a twisty twist for the very end but you can figure out how "everything is not as it appears". The hero and heroine grow immensely from page one to the last page as does their relationship and their feelings. The one thing that kept bothering me is that I kept reading the hero's name as Kanye and that really irritated me - but that was all on me. "Owned" is truly addictive, I keep finding myself reading it over and over again - unable to put it down. M. Never gives you a taste of the quality product she is peddling, "Owned" and you are hooked and come crawling back for another hit of her brand of Crack with "Claimed", the second book in the Decadence after Dark series. I loved these characters, Kayne is a vulnerable Alpha Hero and Ellie is a Strong Innocent Heroine. Jett is in a class all his own - he is a Star! The storyline is complex and two-fold with a mysterious backstory for Kayne and his trust issues with women. M. Never outdid herself with "Owned" and the Decadence After Dark series. This is a cliffhanger and the first part of the story - the even more Dark and Intense second part of Kayne and Ellie's story is continued in "Claimed".
