Full-color, laminated cover in glossy finish Great gift or buy as a personal treat! Excellent stocking stuffer! The, "Cool Stuff 4 Tween & Teen Boys 2 Color," coloring book provides hours of entertainment for younger tween to more mature teen lovers of the coloring world, while introducing aspiring young artists to the concepts of shadowing and highlighting. Begin with simple drawings without shadows or highlights, or jump right into more intricately detailed images to create something truly special that demonstrates creativity and makes them proud. The Ellie Nellz "grayscale" process takes grayscale to the next level by incorporating a technique which blends computer generated sketching with grayscaling to ensure additional detailing is added during the color washing process. This helps your finished product look more professional, more detailed, and more, well, finished. This methodology of grayscaling gives the colorist the best of both worlds - the traditional line drawing of a great sketch artist and the latest trend of keeping the shading and highlights. What's not to love about that? For more, see the "Grayscale vs. Sketch" section of my website: www.ellienellz.com. Need help? The "Gallery" is filled with coloring schemes and ideas! This coloring book contains fully licensed artwork by various artists, illustrators, and/or photographers further processed by me, Ellie Nellz, as a collection of computer generated and photo manipulated sketch and/or grayscale images presented for fellow lovers of the coloring realm to enjoy. So, ENJOY!

Like many lovers of beautiful things, I am a mother, a daughter, a sister, an aunt, a teacher, a learner, a giver, a receiver. Well, you get the picture. I'm really no different than anyone else, than any of you, unless you're a guy, because I'm a girl. Or, unless you don't have a grand sense of humor because mine is usually quite over-the-top, of Mount Everest that is. I simply love to bring the beauty of life to those who enjoy it as much as I and I've found that coloring is one of the best ways to experience it. So, I said to myself, as I often do talk to myself because who the heck else is going to be so agreeable with the likes of me, right? So, I decided, (see how quickly we agree?), to gather a ton of great art from the net and work my graphic magic so that tons of fellow coloring lovers like us, you and I, could well, color as much as we loved. And, well, here we are. I am. You are too, because you're reading this. So, I won't bore you with a laundry list of me, me, me, because you're here for the wonderful Ellie Nellz coloring books, right? Instead, I'll continue to do my best to present to you the most beautiful images by the wonderfully gracious artists, photographers, and illustrators who are generous enough to license their art so that creatives like me can add them to my line of renderings which I affectionately call, "Sketches and Grayscales by Ellie Nellz" and pass them along to creatives like you. So, take a gander at my website if you will. Hope to see you there and, as always, I wish you the best of blessings and happiest of days! And, of course, happy coloring! www.ellienellz.com

Very nice.
