It's elementary level reading, but there are nice pics of Shawn when he was first starting out!

Daughter loved this book!

I knew most of the facts in here already because I may be a little obsessed. But it was still a great read because it's about Shawn.

more of a little kid bookthought it was going to be for my 12 year old...had info in it but a smaller child could read as well

Kind of in a first reader type of book.

Not worth \$4.99
