A VALUABLE RESOURCE FOR ANYONE WHO SEEKS A HEALTHIER OLD AGE FOR

THEMSELVES OR THEIR LOVED ONES.Ã¢â€•Ã¢â€œWilliam D. Novelli, CEO, AARP

Merck & Co., Inc. is one of the world's largest pharmaceutical companies. It is committed to bringing out the best in medicine and, as a part of that effort, continues to proudly provide all of its famous Merck Manuals on a not-for-profit basis as a service to the community.Ã The organization published the first of these in 1899, and by the 1980s, the series had become the world's largest selling medical text and was translated into more than a dozen languages.

Want to know why and how our bodies age? This is the book that will tell you why and how. Read about the different medical conditions that affect the aged and how to take care of loved ones with medical problems. Overall, an excellent and informative book for anyone to read.

The book came in two pieces and it said it was "USED- in very good condition." I beg to differ. It was ripped in half, and two pages are missing where the book ripped. I was not impressed, especially because it claimed to be in such good condition.

My Mother finds this very helpful!

Merck Manuel on Health and Aging is excellence. Lom March

It arrived in time for the class and met its purpose. It can be used for all of my classes in this masters program so it is really cost effective.

Great condition

I PURCHASED THIS BOOK AS A RESOURCE FOR MY PARENTS. THE INFORMATION IS GREAT BUT PERHAPS A BOOK ABOUT AGING HEALTHFULLY SHOULD BE SENSITIVE TO THE DIMINISHED VISION OF MOST AGING READERS. CHARGE A BUCK MORE AND PRINT IT IN A LARGER TYPE.

Bought this book as a gift because I already had it and find it a good reference book when you don't/can't go online.
