# Lonely Planet Madagascar & Comoros (3rd Ed)

## Synopsis

Madagascar is a fascinating island steeped in custom and magic. Whether you want to photograph the enchanting wildlife in beautiful national parks, trek among the world's weirdest vegetation or visit the nearby Comoros you'll feel like time has truly stood still. This fully revised and expanded guide is packed with heaps of practical information and advice to help the independent traveller make the most of these extraordinary destinations.

[Africa > Madagascar & Comoros](#) #4423 in [Books > Travel > Africa > General](#)

## Customer Reviews

Not many guidebooks venture into both Madagascar AND the Comoros, and I was glad to find one that did - and was even happier to find a "Lonely Planet" guide. Always complete, easy to read, and helpful, this guide is no exception to their standards. Although I haven't travelled to Madagascar yet, this book seems to give quite an honest assesment of travel conditions (not always the best/unpredictible) which I really appreciated. For the 4th largest island, Madagascar doesn't have enough information about it out there - I was glad to find this book, and am secure that it is a reliable source.

I liked the information in the book. Would have enjoyed it more if it would have included more pictures in both black & white and color as well as more information about the wildlife and cuisine native to the country.
