The Mystery Knight: A Graphic Novel

Synopsis

A full-color graphic novel edition of *The Mystery Knight*, one of the thrilling Dunk and Egg novellas from George R. R. Martin—*A Knight of the Seven Kingdoms* and a prequel of sorts to *A Game of Thrones*—“Every wedding needs a singer, and every tourney needs a mystery knight.” Westeros is eerily peaceful. King Aerys I sits on the Iron Throne. A ravaging plague has abated. Yet beneath the surface, tensions linger sixteen years after a failed rebellion. In these restless times, noble hedge knight Ser Duncan the Tall—Dunk, to his friends—and his precocious boy squire, Egg, travel the Seven Kingdoms performing chivalrous deeds, though Egg’s bloodline must be concealed at all costs. After heading north for Winterfell, Dunk and Egg are lured off the kingsroad by a wedding feast—and an unusually lucrative tournament. The champion jousting will claim a rare trophy indeed: a dragon’s egg. Dunk, always better in a melee, would be satisfied with a hot meal, a cup of wine, and a purse full of coins. But a treasonous plot is more likely to hatch before another dragon ever stretches its wings. Someone’s on to Egg. And a mystery knight with designs on an even bigger prize soon throws the entire affair into chaos.

awesome

I love the Dunk & Egg tales and this third installment does not disappoint. The illustrations are great and it continues the adventures of one of our favorite duos.

And the story continues I thoroughly enjoyed this simple and far too short of a tale. I cant wait for the fifth edition....

I live the graphic novel format, but why don't the tap zoom controls work for this title? Did anyone else have this issue?

If you think this is a new story, it is not! This is a graphic novel that starts out about half way into the book The Hedge Knight. It is the same story, just in graphic detail. It is well done but if I would have known it was not a new story I would not have bought the book. If you are looking for a new Dunk and Egg story, this is not it!
