Customer Reviews

Excellent transcriptions. I did change a few fingerings based on personal preference, but we all do that.

I have been a huge fan of the Allman Bros Band for over 30+ years and I was excited when I received all 3 volumes of their music. A truly amazing collection of southern R&B and a "real" learning tool for their music.

ABB songs are great. It's amazing how hard it is to play Duane and Dickey licks even when you have them right in front of you and can also listen to them and attempt to emulate. This is a great tool and resource, not just to see what ABB played and how, but as general education on guitar licks to add to your repertoire.

Excellent arrangements, with chords, tabs and notations. I'm looking forward to the other two volumes.

Great

Great tab with multiple lead parts well detailed. The leads are complete and pretty close to the real thing. Well done.

This book fits great in my Collection I'm very happy with it i will be buying the rest of them as so as I can.

This review goes for all three volumes. If you are a guitarist whose is also a) an ABB fan or b) a blues guitarist, then these volumes have a wealth of guitar pieces just waiting for you to get your teeth into. The volumes are usually kind enough to tell you which guitar pieces belongs to which guitarist. It tells the tunings and, sometimes will give you a guitar pieces to assimilate a keyboard piece. Glad I purchased all three.
