The Walk On (The Triple Threat, 1)

Synopsis

Bestselling sportswriter John Feinstein kicks off a new series for middle grade featuring Alex Myers, a student athlete who tries to take on the sports establishment in his new town. Alex Myers is a quarterback, but from the first day of football practice, it's clear that that position is very much filled by the coach's son, Matt. Alex has the better arm, but Matt has more experience and the coach's loyalty. Alex finally gets a chance to show what he can do when Matt is injured, and he helps win a key game to keep the Lions' bid for the state championship alive. But just when his star is rising, Alex gets blindsided—the state has started drug testing, and Alex's test comes back positive for steroids. Alex knows that's not right. But he doesn't know if it's a mistake or if someone wants to make sure he can't play. . . . John Feinstein has been praised as “the best writer of sports books in America today” (The Boston Globe), and this first installment in the Triple Threat series is his most thrilling and suspenseful novel yet. Fans of Mike Lupica, Tim Green, and Paul Volponi will want to check out The Walk On, and its companion, The Sixth Man. A cliffhanger of a football novel bristling with social, personal, familial and ethical issues to complement the gridiron action. . . . All the goods for the sports enthusiast and more. Kirkus Reviews From the Hardcover edition.

Age Range: 10 and up

Grade Level: 5 and up

Customer Reviews

Gr 5-8 •Feinstein's first book in the series introduces Alex Myers to listeners and to Chester Heights football. Though he has what is obviously the strongest arm on the team, Alex must fight for recognition, respect, and playing time. The head coach's son, fairly or not, is firmly in place as the starting quarterback. The shocking results of mandatory drug testing before the playoffs and a go-get-'em school newspaper staff throw the team off balance with questions, accusations, and intrigue. Though read with feeling and appropriate enthusiasm by the author, his modulation is a bit strong and his voice somewhat harsh, considering the age of most of the characters. A younger voice may have been more relatable. Feinstein varies his voice for different characters, which will help listeners keep the generic names straight. Full of refreshingly decent high school students, first crushes, a dose of dating drama, and a cliff-hanger ending, *The Walk On* will interest even non-football fans, as long as they can hang on through all the play-by-play action. •Jane Newschwander, Fluvanna County Public Schools, VA --This text refers to the Audio CD edition.

Kirkus review, August 2014:"A cliffhanger of a football novel bristling with social, personal, familial and ethical issues to complement the gridiron action.... All the goods for the sports enthusiast and more." Publishers Weekly review, August 2014:"[With] lots of play-by-play action, sensational plot developments, and an attractive, whip-smart, sports-crazy romantic interest . . . Feinstein skillfully captures the mania that surrounds high school football."VOYA review, October 2014:"The action is lively and well paced, with increasing tension as the team advances to single-elimination play-off games."From the Hardcover edition.

THE WALK ON: THE TRIPLE THREAT-BOOK 1By John FeinsteinAlfred A Knopf, New York, 2014ISBN 978-0-385-753348-7 (ebook)Paperback: \$7.99This is the first of The Triple Threat Series about Alex Myers, a high school freshman who had to change schools because his parents are divorcing. Alex is a star athlete who has to prove himself at his new school. This story is about football and his trials as a triple string quarterback.Here is the opening paragraph:“Twelve is taken. Make the team and then you can worry about a number. But you aren’t going to get twelve.” Alex Myers was standing in front of the equipment cage in the locker room at Chester Heights High School. School

didn't open for another week, but football season began on the last Friday in August, so tryouts and practice started early. Alex had two days to show coaches that a freshman should be practicing with the varsity. He is a new small fish in a strange and larger pond. He is trying to adjust to life without his dad and the friends he had to leave when he moved with his mom and his sister. He is a nice guy who has to ride around on a bicycle because he is only fourteen and isn't old enough to drive. I have a weakness for sports stories. The characters are always well described and have clearly stated goals. They want to win, make the team, and get the girl. I love clearly stated character goals. The writing was well done. The game action was well written and kept the pace going. The dialogue was believable for the characters. Here is an example of the action description: Alex stepped up. He noticed that Coach Hillier had Jonas ninth in line, meaning he would be Alex's third and last receiver. Alex took the toss that Coach Hillier was making to start each play-sort of a standing snap-then dropped back a couple of steps and easily targeted the 45-yard line, the ball dropping gently into the receiver's hands. Coach Hillier looked at him and just said, "Nice," in a voice so soft Alex was pretty sure he was the only one who could hear it. If you like action, you'll like this story. If you like suspense, you'll like this story. If you like stories about high school sports, you'll like this story. Not only that, you'll like the other two in the series. I give this story a five out of a possible five. I like all three things: action, suspense, and sports stories. I like rooting for the underdog, the third string quarterback who is new in school and wants to make the team. I'm not going to tell you if he gets the girl.

My son really enjoyed it!

My 11 year old grandson loves these books. I have purchased the series for him. He is not a "bookworm" like his Grammy, but these books have grabbed his interest. Thank you, John Feinstein!

Awesome book it was cool and stuff I don't get why I must write this this is mcmoms son nick

My son loves this author. Easy to read and engaging. Looking forward to purchasing other books in this series.

I liked the whole book . It was good

A thrilling book with teenage drama and of course football skills. I recommend this for everyone who is reading this review

So far the book is very good. My son has enjoyed reading this book.
