Great info...worth the price...I do not care for the way it is organized but is chocked full of so much great info...I am from there and was amazed at all the things I learned...Some info needs to be checked as it has become dated or things changed so check it before you go .I really enjoyed

reading it as an arm chair travel...K C Mo has grown up and is one of the best travel destinations in the USA. Not because I am from there but because it has so much history, exciting, progressive activities from sports, racing, shopping, eating , playing etc.Hey this is the only place you will find the true BBQ! Well, certainly they are the land of jazz!Get this book and read before you go...if you weren't planning a visit you will after reading it and if you live there you will be surprised at what you have missed!

Just passed through KCY on a trip and I had a half day to burn. I took the tourist trolley ride from Union Station and fell in love with the city. Definitely planning to return and this guide will help maximize my visit. Some of the information needs an update, but it seems to be pretty accurate otherwise.

Nice cover.

Good
