

The Book Of Psychic Symbols: Interpreting Intuitive Messages

Synopsis

Whether a novice or a practicing expert, "The Book of Psychic Symbols: Interpreting Intuitive Messages" is a unique and comprehensive guide to understanding psychic communication. With definitions for over 500 symbols and practical hands on exercises, this book walks us through where symbols come from, how we receive... them, what they mean and how we can apply them to our everyday lives. Intuition is a gift everyone is born with. Learning and understanding how to utilize this gift is key to helping us live a fuller and more conscious existence. This groundbreaking combination of dictionary style explanations, true stories of psychic phenomena and experiences, and intuitive development offers a practical opportunity to expand our awareness. You'll not only read this book straight through, you'll keep it as an essential handy reference guide for dreams, intuitive flashes, synchronicities and signs. "The Book of Psychic Symbols: Interpreting Intuitive Messages" takes us on a unique journey and offers a personalized approach to developing and enhancing our natural intuition. Within these pages you will find answers to questions like, "How do I know if I am intuitive?", and "What is a psychic symbol?", and "What does it mean if I see an image or hear a word?" and "Where does this information come from?", and "What's the difference between intuition and psychic ability?" Discussing everything from clairvoyance to tarot, colors to chakras, we learn the principles behind everyday symbolic messages. What may have been considered extraordinary becomes mainstream as we learn to connect to our intuitive side and open ourselves to conversations with spirit, the universe and the other side. Manifesting your true desires becomes easier when you apply the knowledge gained from practicing the exercises in most of the chapters. Learning the language of symbolic communication changes our perspective and our understanding of the journey we are here to live.

I am reading this book simultaneously with *The Gift of Shamanism: Visionary Power, Ayahuasca Dreams and Journeys to Other Realms* by Itzhak Beery. Melanie's books have practical how to get to it practices at the end of every chapter. these help getting the concept across to the reader. I have read two other of her books *Steady way to Greatness* which began my journey back to regaining my spiritual power back. *Psychic Visions* that I was reading to interpret and relationship with a person who I have never met but text with using remote viewing to make sense out of why I was so drawn to this person. After a reading from Melanie Barnum clarified a lot of the situation it sparked my interest in what exactly was going on for this person. All that to say I'm very happy to have her books as workable tools

VERY interesting read. I highly recommend it to anyone who wants to learn more about interpreting psychic symbols and how psychic symbols work. The only thing that prevents me from giving this 5 stars is that the formatting of the glossary of psychic symbols at the end isn't very user friendly. The lines all run together and the words that are being defined or explained are not bolded or underlined or offset in any way to make them stand out so the user can find things easily. I ended up spending time highlighting each word in the glossary so I could find things when I needed them. But other than that, it's an interesting read.

The author did a good job of making the topic clear and easy to read. She wasn't pretentious and even gave examples of her own experiences. She has some good psychic exercises you can do as well to help perfect your craft. Good book for beginners, like myself, who are just becoming open to the topic of psychics as a whole.

This is a comprehensive and interesting book about how to connect with different symbols and what they mean for you. By giving you the traditional definitions of more than 500 common symbols that you may receive when you connect with Spirit and your intuition, you can decide for yourself if that's the right definition for you, or if your meaning is a little (or a lot) different. The book is also full of exercises to help you connect with your own intuition and inner knowing so you can develop your own intuitive and psychic abilities. It's a great resource and I highly recommend it to my students as I teach them about symbols and signs from Spirit and how to develop their own symbol dictionary.

I purchased this book about a year and a half ago. I love that not only does it explain symbols, synchronicity, and psychic abilities as well as auras; but goes into detail about cultivating your abilities, understanding them, and using meditation and the importance of meditation. It contains about 500 symbols, but you'd have to flip through the pages to get through to a specific term/symbol which I hated and I wished it had more symbols. Other than that, Melanie Barnum covered many main key points regarding intuition, auras, synchronicity, symbols and the importance of symbols, the use of symbols for manifestation, visionary and meditative exercises, and talks about the importance of meditating.

I have purchased and read many books in this field. This has been one of my favorites. The book is descriptive and down to earth. I refer to it often to help with psychic symbols I receive during readings.

This will help to get a general start on developing your own symbols. It has given me a clearer path as to how to work my own way through some of the muddy waters that need to be cleared.

This book is very much for beginners. I would not recommend it for experts or anyone acquainted with the psychic world already. It has a good bit of information on basic signs and the meanings. Also, short explanations on angels, guides and synchs. Chakras and colors are thoroughly explained.
