Ember Falls (The Green Ember Series: Book 2)

Synopsis

The stage is set. It's war. Morbin Blackhawk, slaver and tyrant, threatens to destroy the rabbit resistance forever. Heather and Picket are two young rabbits improbably thrust into pivotal roles. The fragile alliance forged around the young heir seems certain to fail. Can Heather and Picket help rescue the cause from a certain, sudden defeat? My Place Beside You My Blood For Yours Till The Green... Ember Falls

Customer Reviews

This book does for The Green Ember what The Empire Strikes Back did for Star Wars. --Glenn McCarty

S. D. Smith was born and raised in the hills and hollows of Appalachia, but spent many years in the foothills of the Dragon Mountains in South Africa. Sam loves spending time with his family, reading stories, and enjoying soccer. He lives in West Virginia with his wife and their four children.

I read this aloud to our children and we hung onto every word. My husband even asked me to keep reading chapters every night because we could never get enough! The suspense and drama alongside the hope of the rabbits left us longing for a glimpse of the Mended Wood and the reuniting of all the rabbits together. We love this book!!!

THIS BOOK FOR FAMILIES! I gave audible copies of both books to all our family friends this

Christmas because I believe it is a good story for all ages. Although the story is intense, the idea of the story in a rabbit world makes it more palatable for young children. Adults love the wisdom, intensity, virtue and palpable love woven in the stories, without a preachy note. The second book in the Green Ember series this story develops Characters and an overarching powerful story. A true Middle Story of development and hopes, much like our lives. Amazing conversations and ideas flow from the experiences of rabbits. SD Smith has developed wonderfully as an author with a crisper voice in this sequel. We can't wait to see what comes next, as these will surely be classics!

Wow. THANK YOU to this author for writing these books. Our kids can't wait for bedtime to read the next few chapters every night, and never want us to stop reading. There is something just so special about these books, and I can't put into words just how readable, relevant, and good they are. We are only about a third of the way through, so I will post an update once we're done. But I almost loathe the thought of being done. I want this book to last forever. This one is more nuanced than the first book, and I would venture to say, even better. It is not predictable, either. The kids pick up on the nuance, the foreboding, and they feel the longing for resolution. The heroes are believable enough for kids and grownups to relate to. We just can't get enough of these books.

My son already loves this book series! He is just finishing the first book, but thinks this will be a series he reads more than once! In his words: very descriptive, very exciting, thoroughly enjoyable - I don't want to stop reading! (this is BIG for him!) Kindle version is very reasonably priced at \$2.99. It is available in paperback and hard cover - but at a much higher price.

I had the pleasure to working next to Mr. Smith at a homeschool convention. I watched many children (and their parents) excitedly approach his booth. Overheard some of the children calling him the rabbit man. This intrigued me and so I downloaded a sample of the book while at the convention and needless to say, I was hooked. As a big reader of fantasy (I teach Medieval history), I love this story and eagerly await the next book from "the rabbit man." Similar to REDWALL, Mr. Smith creates fascinating characters who come alive in the mind. The evil characters are menacing, but the main characters are strong, brave, and fiercely loyal so we can root for the good guys, errr, rabbits!

I would like to title my review "NOOOOOOOO!!!!!!" We are done and I want to keep reading. We loved Green Embers but we devoured this book. I bought the audio book because we were reading it too

slow- we were both cheating and reading ahead. There are so many things and I won't spoil it, but this is a good read. I can't wait until book 3 comes out!

This is my favorite animal book of all time!!!! If you could put as many stars as you want, I would put 999,999,999,999,999,999,999 stars!! The first book was pretty good but this one blew the first book out of the water! I really like it because it's easy to read but is still really good. I enjoyed reading this book at night before bed. It was a neensie-bit violent but I think any nine-year-old could read it. Besides that, there is no bad language or any thing like that. This is a must read and I would HIGHLY suggest this book for anyone who likes to read. This is a must read book and i'm really looking forward to reading the black star of kingston!

A wonderful, exciting, beautiful story. Lovely language, enthralling and quirky characters, and a wonderland for the imagination. My boys and I fell in love with this story. We laughed out loud at the doctor's recommendations. We used a dictionary to learn a challenging new word. My 5 year old gasped, "Oh nooooo!" during an intense part. We mourned with Heather and Picket and rejoiced too. It is truly a treasure. Well done, S. D. Smith.
