Customer Reviews

Came on time and is attractive. The maps themselves are interesting. There is more than enough room in the box for each day to write appointments. As a general matter, the British Museum has a lot of interesting items and the web site is worth checking out.

The calendar was damaged when it was delivered. The low half of the corner was wet, dark and wrinkled with dirty water and dust due to the ripped and damped package. It was supposed to be a gift but It could not be given because of the damage.

British Library Map Calender had good quality map picutres. Better then some othermap Calenders. I will add the map calender to my map collections at end of 2014.The Calender map did arrive in the mail on time and in very good condition.

I bought this calendar for my father, who loves ancient maps. I have it on good authority (from him), that the maps are amazing , the detail fantastic, and all in all, a gorgeous calendar
