Cruising World's Workbench: 200 Ideas From America's Leading Cruising Magazine To Improve Your Life Afloat

Synopsis

Cruising sailors are always on the lookout for do-it-yourself ideas to make their boats safer, more comfortable, and more efficient. For many years, the leading source of those ideas has been Bruce Bingham's "Workbench" column, one of the most popular, longest-running features in North America's preeminent magazine for cruising under sail. Cruising World's Workbench brings together the 200 best "Workbench" projects, selected by the editors of Cruising World magazine and organized in functional categories such as cabin, deck, rigging, sails, electronics, and engine.

Customer Reviews

Great Ideas for Upgrading and Customizing Your Boat, from the #1 Source of Do-it-Yourself Projects for Cruising Sailors. If you're like most sailors, you know the deep satisfaction that comes from completing, with your own hands, a project that makes your boat a bit more seaworthy, comfortable, or enjoyable to sail. And for nearly a decade now, the number-one source of do-it-yourself boat improvement projects for sailors everywhere has been Cruising World magazine's monthly "Workbench" column. Now Cruising World's Workbench brings together the 200 best "Workbench" projects and features Bruce Bingham's superb step-by-step drawings. The book is conveniently organized according to ten functional categories, including Anchoring and Mooring Electronics Saloon, Galley, and Head Machinery, Pumps, and Outboards Cruising World's Workbench is must reading for any coastal or offshore sailor seeking simple, practical, affordable ways to improve a boat. "In many ways, Workbench mirrors the very qualities the readers of

Cruising World most value: self-reliance, resilience, stick-to-itiveness, and technical competence. . . . We all love our boats a little more when we invest a bit of ourselves in them. Consider this book one more tool in your inventory in that noble quest."--from the foreword by Herb McCormick

Bruce Bingham is the designer of the famous Flicka class of cruising sailboat. A nautical writer and illustrator with more than three decades of experience, he was the founding editor of Cruising World's popular "Workbench" column, and is the author of The Sailor's Sketchbook.

Lot's and lots of ideas to improve your boat. Most are aimed at sailboats in the 30-45 foot range. You'll likely find at least a few here that you can apply to make your sailing easier and more fun. Note that they are not given over in great detail, the pictures are very well done, and you have to apply the details yourself

For my husband. great ideas for our boat.

Lots of very useful ideas, thankyou

I wish I had gotten this book before. It has lots of great ideas and "how come I didn't think of that?" types of things.
