Some Answered Questions

Synopsis

A wide range of questions and answers compiled from a series of talks given by 'Abdu'l-Bahá in 1904, 1905, and 1906 while at the supper table. The answers were given in reply to questions posed by visiting pilgrims, especially Laura Clifford Barney. Later these answers recorded in Persian were translated into French and English. They constitute a rich source of philosophical and spiritual wisdom with answers that often bypass conundrums or controversies which have limited debate for many centuries. Treating human subjects and human spiritual destiny as well as the nature of creation as inseparable, these answers altogether represent a vision which surpasses any given in the past and which will inform and balance the thought of much intellectual and spiritual life in the future.

Text: English, Persian (translation)

Abdul-Baha, meaning in Arabic "Servant of the Glory," was the title assumed by 'Abbas Effendi (1844-1921), the eldest son and appointed successor of Bahá'u'lláh, the Prophet and Founder of the Bahá'í Faith. A prisoner since the age of nine, Abdul-Baha shared a lifetime of imprisonment and exile with his father at the hands of the Ottoman Empire. He spent his entire life in tireless service to, and promotion of, Bahá'u'lláh's teachings. --This text refers to an alternate Paperback edition.

This is a tremendous religious reference book for people of all faiths -perhaps excluding radical

fundamentalist with closed minds? It contains "common sense" answers to some of religions most perplexing questions. Some religions teach never question their (so called) religious leaders; while Baha'u'llah taught us to question everything-which, I think, is more spiritually healthy.

The best book ever. Everyone should read it to understand things the clergy doesn't teach. A book for every independent seeker of understanding of life and its purpose.

If you're seeking to explore the Baha'i Faith more deeply, I would recommend this book.

This is the most amazing book, answering the questions that philosophers and the religiously-minded have asked for eons. You should read this book.

best book I read in ages . it brings reality to the world we living in

A book every Baha'i should own.

Totally amazing book. What Abdul-Baha accomplished in informal answers at the dinner table took some Bible Scholars years of research to reach the same insights, while Islamic scholars are still groping in the dark. Excellent variety of subjects. A major Baha'i legacy to the world.
