# MANHANDED: Sigma Saints MC

## Synopsis

SHE'S ABOUT TO GET MANHANDLED. When you stick your nose where you don't belong, then some punishment is in order. It's too late for "I'm sorry" or "It was an accident." She trespassed on the wrong man. And I'm about to show her how delicious this punishment can be. She was nothing special. At least, that's what I used to think. When she first barged in and heard some things she definitely should NOT have heard, I didn't think much of her. She was cute, sure. Sexy even, in an innocent kind of way. But she was a loose end, and that meant one thing: She needed to be tied up. I cuffed her down until I could decide where to dispose of her once I'd done what had to be done. But the longer I stared at her, the more my hunger grew. A prize like this shouldn't be just thrown away. It needed to be tasted. Savored. Devoured. I'd had a million girls before her, but Jess is another species entirely. She brings out sides of me I never knew were there. I don't know whether to thank her for it or bend her over my knee and spank her to teach her a lesson. Lucky for me, I don't have to choose between the two. We've got plenty of time for both. **MANHANDLED** is a standalone contemporary bad boy romance. It features hot sex between consenting adults. It also includes three bonus novels so you never have to stop reading!

## **Customer Reviews**

I absolutely loved this story by Nicole Fox! The storyline hooked me in right from the start with the well planned plot and the characters were so well developed that Thorne and Jess made me feel like I was sitting in the same room with them watching as their story unfolded! I voluntarily reviewed an advanced reader copy of this book. However, I loved it so much that I one clicked it and you should too!

Jess has always been shy and stayed in her bubble, but when a guy wants to date her but says she needs to be more adventurous first, she plans a trip and rents out her house. When the flight is delayed, she returns home to find Thorn already in her home and when she doesn't make enough noise, she overhears a conversation, she wasn't meant to hear. Thorn hates loose ends and when Jess walks in and overhears part of his conversation, he knows he has to keep her with him until he figures out what to do with her. But when Thorn sees her for who she is, something inside changes, but he doesn't know what. Off on their adventure, Jess plays the part so long as Thorn keeps her and her brother safe. When things go bad, she has to trust that Thorn will hold up his end of the deal. Can they both survive the Sigma Saints? Will Jess be granted her freedom? This story captures you from the beginning and keeps you hooked, it has twists and turns, drama, love, lust and a sense of adventure! I voluntarily received an ARC from the author.

I have enjoyed many of Nicole's books and as it comes the thing to write one after another after another, Nicole is one among only a few who's writings get better and better. She doesn't skip any of the necessary steps to give her reader's good books with fully captivating characters, fully functioning plots and books that are properly edited and proofed. *Manhandled* is a good read. This story is about Jess and Thorn. She has rented her house out to a stranger for a night while she takes an impromptu vacation. She goes home unexpectedly after her flight is changed and hears Thorn talking about his mission. She knows too much now, so Thorn ends up kidnapping her and takes her on his mission. She helps him see that what he's doing is wrong, and they change the deal, which only puts her in harms way. Unique, interesting and entertaining- absolutely recommend.

I voluntarily review an ARC of this book

When you go looking for trouble it usually finds you. And Jess finds just that in the likes of a member of the Sigma Saints. Thorn gives her an adventure that she will never forget. And through the adventure they fall in love and have some serious sex. Mind-blowing. Reading this book truly made me feel like I was watching a television show. Very entertaining and easy to follow. It didn't really touch on the MC club that much but it didn't really need that aspect to make the book interesting. I didn't really understand the title after reading the book either. I feel it should have been called something like. Falling in love with your Capture or Helping the Bad Guys.

Nicole Fox has given us an unexpected and fantastic book. I love how this is not your traditional mc story. Jess had rented out her house while she was supposed to be on a trip but an unexpected delay sends her home. Where she hears part of a conversation no one was supposed to hear. Thorn hate lose ends and now he has a big one. He has to come up with a plan. So he takes her with him, she agrees to go along as long as he protects both her and her brother. This is a great book. I truly enjoyed how it wasn't traditional mc. I received this book as an arc and I am giving my honest review voluntarily

Thorn and Jess come from two very different worlds. Thorn is in a very prominent motorcycle club and Jess is a very shy person who works for a risk management insurance company. Thorn takes risk and Jess never takes risk but is trying to become more spontaneous. Jess decides to take a vacation and rent her home out to Thorn. Jess ends up never taking the vacation she had planned but gets a little adventure, excitement and danger with Thorn. This book will definitely hook you from the very beginning. It is a must read. I received this book as an ARC copy for a voluntarily honest

review.

Jess has rented her house out to a stranger for a night while she takes an impromptu vacation. Her flight is changed and she goes home only to over hear Thorn talking about the "plans" he's there for. He ends up kidnapping her and taking her on his mission. She helps him see that what he's doing is wrong, and they change the deal, which only puts her in harms way. After a lot of excitement, it all works out. They end up falling in love~ The story is a standalone win a HEA. I voluntarily rec this ARC from the author.
