Isle Be Seeing You (Islands Of Aloha Mystery Book 9)

Synopsis

In this “encore” novel to the “Islands of Aloha Mystery” series, it’s been six months since Maui wedding planner Pali Moon’s own hasty wedding to her best friend’s brother-in-law, and life’s beginning to fray around the edges. She learns having kids probably isn’t in the cards for her at the same time her friend and kung fu sifu, Doug Kanekoa, reveals his wife’s stepping out on him. Her husband’s ultra-classified job sends him to parts unknown and he hints at ending their marriage. Friend Farrah frets over a machete-wielding ghost stalking her children, but when Pali steps up to help, she gets thrown under the bus for her trouble. Pali’s doing her best to keep the faith when death deals her a body blow. It’s personal, it’s painful, and this time it’s *‘Āhōhāna*.

I’m so pleased JoAnn Bassett wrote another sequel to this series. I started reading the Islands of

Aloha mysteries before going to Maui a couple of years ago and I really felt I'd found some valuable insight into the Hawaiian way of life (other than the murders). I didn't give 5 stars because there were so many typos and I found Farrah's ghetto language a bit overdone, but I still enjoyed the story immensely.

Isle Be Seeing You is actually a bonus book as I thought the author was ending the series with Hilo, Goodbye. And if this one is the end of the series Bassett is taking us out with a bang!! There is so much going on in this book - I laughed, I cried (both tears of sadness & joy), & smiled. So much emotion in this book. Do not miss it!

In the very first sentence of the book, Pali Moon talks about truth and honor. I don't think she knows what either one means. It's a decent read and it's always fun to read stories that take place in the islands, especially Maui. However, Pali is hard to take. She lies to everyone.

It was so wonderful to have Pali Moon back. This may very well be the best in the series. Never a dull moment, with Pali's marriage on the rocks, Doug's arrest, the ghost, and of course a wedding. I hope to be surprised with another addition to the series in the future.

I'm sorry to see Pali go. She has interesting friends and leads a very interesting life. My husband and I are going to Hawai'i next month.

A loved the book but I read it too fast and am already done. I have so loved the entire series. You will love it.

Another chapter in this fun Hawaii series. Hope another one comes soon! This author really knows how to make the reader feel that they are on Maui experiencing this personally

I lived on Maui for 14 years so I really enjoyed reading about places I had seen and about the local people. The book held my attention as a mystery and I really enjoyed it. I have read the whole Aloha mystery series and hope there will be more.
