Excellent resource. I've played the trumpet for 47 years so far, and my playing has improved greatly while going through this fine book. I was very good on the instrument before, and I am now even better. This book is a wonderful addition to my already vast personal library of trumpet and brass instruction books (Arban's, Ferguson, et al.). Claude Gordon is an amazing instructor who has written many helpful books on trumpet method and theory. I recommend this book highly to anyone who wishes to improve their playing.

Claude Gordon's prime concern was helping trumpeters play easier. Once his other book Daily Trumpet Routines are mastered, then is the time to look at this book. Anyone who has wrestled with Arban's mixed interval studies will benefit from the Routines in Tongue Level Studies.

He was one of the best. Great work out.

this a good exercise book

A solid product! Some great flexibility exercises using intervals I have never thought of. (Even using alternate fingerings) I need to devote a great amount of time to making these difficult exercise work. Also some valuable information on trumpet tonguing technique. Thanks Mr. Gordon. S.
