Customer Reviews

Debbie has been involved in writing and the craft world for pretty much all her life but in 1997 she made it into a profession, qualifying formally in journalism and writing patterns and a couple of columns for magazines and newspapers across four continents. She is inspired by nature, travel and history, ancient worlds, steampunk or just a walk in the woods. You name it. She writes about so much more than craft - she loves travel writing, photography and just simply commenting about some of the ridiculous things that happen in our lives. Writing has led her through the world of teaching, and she has written more craft pattern packets than she cares to mention! She has also self-published seven books on subjects ranging from templates for embroidery designs to a cancer

self-help book. She designs sewing, papercraft, scrapbooking, card, beading, jewelry and mixed media projects, as well as patterns for quilts.
