The 7 Habits Of Highly Effective Teens: The Miniature Edition

Synopsis

Based on his father's bestselling *The 7 Habits of Highly Effective People*, Sean Covey applies the same principles to teens, using a vivacious, entertaining style. To keep it fun, Covey writes, he "stuffed it full of cartoons, clever ideas, great quotes, and incredible stories about real teens from all over the world... along with a few other surprises." Did he ever! Flip open to any page and become instantly absorbed in real-life stories of teens who have overcome obstacles to succeed, and step-by-step guides to shifting paradigms, building equity in "relationship bank accounts," creating action plans, and much more. As a self-acknowledged guinea pig for many of his dad's theories, Sean Covey is a living example of someone who has taken each of the seven habits to heart: be proactive; begin with the end in mind; put first things first; think win-win; seek first to understand, then to be understood; synergize; and sharpen the saw. He includes a comical section titled "The 7 Habits of Highly Defective Teens," which includes some, shall we say, counterproductive practices: put first things last; don't cooperate; seek first to talk, then pretend to listen; wear yourself out... Covey's humorous and up-front style is just light enough to be acceptable to wary teenagers, and down-and-dirty enough to really make a difference.

This is a great workbook. It hits all of the points you want your son/daughter to think through. It is more clear if you read the book first.

Bought this for my HS students as an alternative read. They love it! I think I will buy a classroom set and use it as a part of my curriculum next year!

Great book, super good for teens, its very entertaining, I had been reading it to my two older kids and we have a great time.

bought for my 14 year old nephews and they enjoyed the read and their mom liked the content

Amazing book! Had to read it for a summer assignment and I can say that I really enjoyed it! The author makes it very interesting by adding anecdotes, short stories, cartoons, etc. Definitely worth the read even if not for a school assignment!

Good book for young people. Kids should be reading these types of books in school.

Great book to give any teenager. Makes them re-evaluate their priorities. Highly recommend.

This book is spot on for teenagers! Both of these Sean Covey books for teens are written in an easy to understand manner for all to enjoy. They should definitely be part of each teenager's library.
